

# Tutoring Agreement

Please read the following carefully to hire me for tutoring. We will use my Toll Free Phone (866-529-3279) or WhatsApp for international calling (772-370-5310). I offer to share one one-hour tutoring session with you. If you need more time I may agree for additional hours if it appears to me that additional time will be helpful to you and my schedule permits.

We will schedule your one-hour session at a time convenient for us both. You understand my offer is to act as your "law professor", not your attorney. I will not appear in court for you, sign papers on your behalf, or be responsible for your deadlines. My time is offered solely to provide legal information based on my education and professional experience, not in any way to induce you to take any legal action other than as you may choose at your sole discretion.

I may terminate this agreement and refund any unused portion of your payment if at any time it appears to me you intend to use my teachings to advance any proceeding contrary to justice. No guarantee is made or implied that my tutoring will assist you to win any legal proceeding. My time is offered solely as legal education, not legal advice.

This is a complete agreement, any other agreement not committed to a dated writing signed by us both being null and void. Time is of the essence. In the event of litigation, your damages are limited to your payments, and each party shall be responsible for legal costs and fees, anything provided by law or contained herein to the contrary notwithstanding.

My fee is \$300 for each one-hour tutoring session, whether you use the full hour or not.
